Rock Art Events

We are located in an art inspired industrial style building in the heart of Collingwood. Rock Art Events pay homage to our building now being part of the Rock Art Commercial buildings series as designed and restored by the Domain Hill Property Group.

Previously and for last 35 years it was home to the famous Steptoes Renovation Supplies known as Australia's largest suppliers of original and manufactured period style renovation materials.

This warehouse facility has now been intelligently conceived and gorgeously fitted out by Hospitium Group as an event space offering various areas.

An Exclusive Perspective of Inner Melbourne

Over 600m², this 1960s built warehouse with exposed trusts and beams, has a beautifully appointed commercial kitchen with all the modern equipment and a brass exhaust statement piece, a 12.5 metre bar, private dining room with a one-piece dining table of 6.5 metres, kitchen bar / dining and cafe scene.

Beautifully Functional

Across the whole space you will find polish concrete floors, art deco lighting, surround sound system, new fixtures and fittings, heating / cooling, audio visual equipment as well as five toilets.

Rock Art Event's list of functional and luxury features is staggering, and we invite you to come and experience them for yourself. Whether it is a party, wedding, or corporate event, treat your guests to the best and get in touch with Rock Art Events.
